A MESSAGE TO OUR STAKEHOLDERS

We at Coastal Community Action Program (CCAP) are firm in our commitment to promoting personal independence and providing opportunities for the less fortunate in our community. By treating people with respect, identifying community needs, and advocating creative solutions, CCAP is having a greater impact on Grays Harbor and Pacific counties than ever before.

The management and staff at CCAP takes its mission very seriously, and are constantly looking for ways to improve. This Strategic Plan provides a roadmap for us to identify goals and reach them. It is a broad framework that will help guide us and ensure that our impact on the community continues to grow, while being excellent stewards of the funds that are entrusted to us.

We are excited about the direction of the organization, and grateful for the opportunity to help improve the lives of the clients that we serve. This work could not be done without the support of the communities that we serve. We look forward to the next five years of striving to make Grays Harbor and Pacific counties better places to live.
